Title: Dark Virtues

Author: Vlondril Mlezzyr

Treachery virtue the first.

Treachery- is the virtue of aggression and the virtue of manipulation. As the humans think they are above us in this regard, they only prey on there weaker members. This is a good thing and, for us, it keeps us strong and ensure that only the strong survive.  
"Lil alurrl velve zhan lil velkyn uss."

Alertness virtue the second.

Alertness- As treachery is a mechanism for survival, Alertness serves as a counter balance to the effects of the first virtue. A wandering mind leaves a drow defenseless before her strong rivals. Always be aware of what your enemy is doing. Everyone is an enemy.

"Nindyn vel'uss kyorl nind ratha thalra elghin dal lil alust."  
Obedience virtue the thrid.

Obedience- Lolth demands a strict order within the house. Thos who disobey, even in the slightest,

will be punished.  
Disobedience is a sure  
sign of an unfaithful  
drow. worthy of being  
cast out or death.  
Know your place and  
you will live.

"Xun izil dos phuul  
quarthen, lueth dro!"

Pridefullness virtue  
the forth.

Pridefullnes- The end  
source of morality is  
pride. Pride, the  
complete reliance on  
yourself and the cause  
of all struggle,  
compels the strong to  
rise to the top, while  
the prideless wretches  
sink to the bottom.  
"L'alurl abbil zhah  
dosstan."

Devotion virtue the  
fifth.

Devotion- Those who  
do not show proper  
devotion to Lolth, and  
her agents deserve no  
pity. A drow should  
strive to pray daily,  
sacrifice much and  
continually  
demonstrate a deep  
faith will always gain  
favor over those who  
do not.

"Lolth tlu Malla! Jal  
ultrinnan zhah  
xundus!"

Callousness virtue  
the sixeth.

Callouness- Every  
drow must strive to  
harden both mind and  
body against The  
Struggle. Pity is  
weakness surely to be  
exploited. This will be  
the decree of the

house: All enemies  
will be unmerifully  
destroyed, both those  
who seek to infiltrate  
our house and those  
who attack it from  
outside.

"Jiv'elgg lueth  
jiv'undus phull  
jivvin."

Survival virtue the  
seveneth.  
Survival- All  
measures shold be  
taken to ensure the  
survival of the drow,  
the house, and the  
conntinued worship of  
the Spider Queen.  
Those who fail in  
this struggle will be  
forgotten.

"Kyorl jal bauth,  
kyone, lueth lil  
Quarval-Sharess xal  
balbau dos lil belbol  
del elendar dro."  
Pleasure virtue the  
eighteh.

Pleasure- Lolth has  
given us a wide  
variety of pleasures to  
indulge in. It would  
be a crime against her  
will to ignore this  
act. All beautiful  
things are worthy of  
pursuit.

"L'alurl faerbol zhah  
mrann d'ssinss."
